Dear Mr Ort,

Thank you for your generous donation to support our children's quest for knowledge and scientific enlightenment with a gift of \$500 to our Elk Calf Tagging field trip. We rely on the generosity of our community to supplement what the Appleton Area School District's budget provides, and that has been drastically cut this year.

Without supporters like you our children's experience in appreciating and respecting the environment would be diminished.

Thank you again for your help and inspiration.
